EMPOWERING DREAMS, ACHIEVING GREATNESS: TEAM DAKSH
WHERE INNOVATION KNOWS NO LIMIT

ABOUT US

Team Daksh is the official off-road car racing team of NIT Jamshedpur. Started in the year 2009, Team Daksh has been participating in events like BAJA SAEINDIA, every year since its inception and has also participated internationally in the year 2010.

The team has won various accolades to its name and has brought laurel and gold to the institute. Persistent efforts towards improvisation through the implementation of latest innovations while giving all Safety and Durability the topmost priority has always been the core philosophy guiding the actions of Team Daksh.

It is mentored under the leadership of Prof. Sanjay R. (Mechanical Engineering Department, NIT Jamshedpur), he is the Professor Incharge of the team.

WHAT WE COMPETE FOR ?

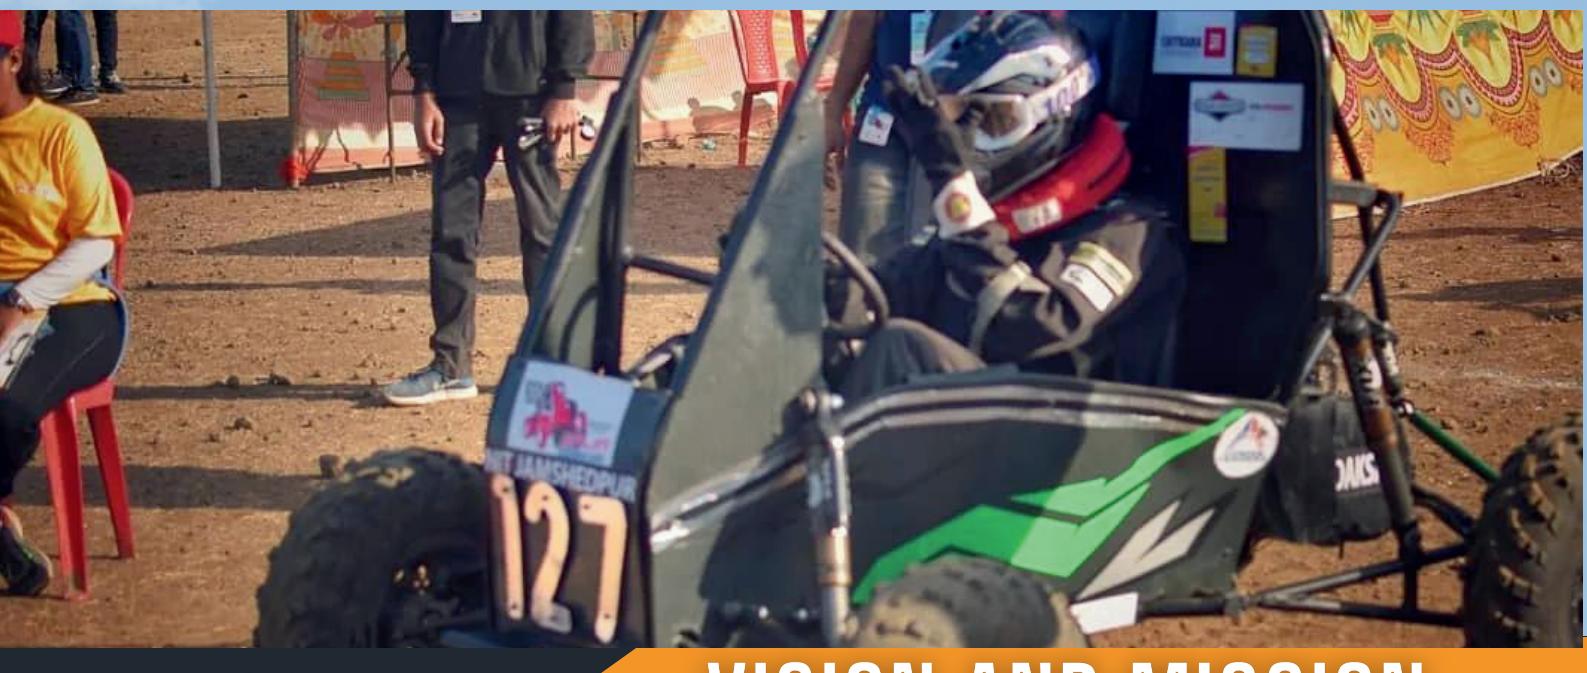

BAJA SAE INDIA AND INTERNATIONAL

SAE India, was formed in 1994, is an affiliate society of SAE International, registered as an Indian non-profit engineering and scientific society dedicated to the advancement of the mobility community in India.

BAJA SAE is an inter college design competition run by the Society of Automotive Engineers, whose main goal is to design, build race off-road vehicles that can withstand the hardest tough terrains.

Presently competition is held at NATRAX, Pithampur, Indore, Madhya Pradesh and in January 2024, it witnessed an intense competition among more than 120 teams from all over the India.

VISION AND MISSION

VISION

- To be recognized as a premier technical team, renowned for our ingenuity, passion, and commitment to excellence.
- To inspire and nurture the next generation of engineers, equipping them with the skills and mindset to tackle global challenges.
- To establish strategic partnerships with industry leaders, academia, and government agencies to drive innovation and technological advancement.
- To leave a lasting legacy of innovation, leadership, and social responsibility in our community and beyond.

MISSION

- To foster a culture of innovation, creativity, and excellence in engineering.
- To empower students with practical skills and real-world experience through hands-on projects and competitions.
- To promote collaboration, teamwork, and leadership among students from diverse engineering disciplines.
- To make a positive impact on society through sustainable engineering solutions and community outreach initiative
